The Body

Sea shell and stone
Surf rushes forward to feel the shingle with fingers of foam
Search for the gold
Over the landscape the mouth of a lifeline unfolds
Smooth and round and brown
See how the sunshine creeps over thistle and down
Hillock and hump, hummock and clump and mound
I feel a lump, see a bump, hear a bulboba sound
Hollow and valley and shadow and dimple and hill
Glisten and glimmer and shimmer and sparkle and still
Sunlight is warming the land before your eyes
And the sunrise is on your side
And the sunshine is on your thighs
Lady of stone, you are alone
Lady of stone, you are alone

The Body

Cry, Baby, cry
Grow, Baby, grow
Stand on your own
Holidays and happy days at home
Seaside, bike ride, fun land, hot sand, childhood floating by
Wonder why I feel
so shy when you are passing by
The years of love and wine
Pass by the magic eye
Good time, lifetime
Good line, lifeline
Pass by the magic eye
Your child is growing fast
His future is your past
Good time, lifetime
Good line, lifeline
His future is your past
Slow down, look around
Memories come drifting down
Good time, lifetime
Good line, lifeline
Memories come drifting down
And I remember rather well
Gather round my chair and I will tell
Carriages were open to the breeze
Muffin boys and trams and trees
I recall when I was younger, world was not so small

BREATHE

Waters & Geesin 1970 / Lyrics:/Music: Waters

Albums: Music From the Body
Film/Video: The Body

Breathe in the air
Make for the meadow and savour the grass while it lasts
By and by
Spidery fingers of industry reach for the sky
Brick upon brick, stone upon stone they grow
Choking the atmosphere, oh, so incredibly slowly
Sulphur and carbon and hydrogen sulphide and lime
Fever, corrosion and cover your cities with grime
Something is killing the land before your eyes
And the sunshine
Is not to blame
Could be the insane, inhuman games we play
Day by day
River and fool
Rushing home in a crowd, I'm alone
Close your eyes, lie still
You are a mountain stream and I am a hill
Far, far away
There is a field of blossom and bees and new mown hay
Breathe in the air
Breathe in the air
Breathe in the air
Breathe in the air

GIVE BIRTH TO A SMILE

Waters & Geesin 1970 / Lyrics:/Music: Waters

Albums: Music From the Body
Film/Video: The Body

Long live the child and the man
Long live the mother and the lad
The hills behind us and the sea
Reach out to welcome you and me
Valley deep and mountain tall
Lie upon the ground before us all
Strange are the colours of the turf
Heralding the rebirth of the earth
Gather all your energy and try
Give birth to a smile
Give birth to a smile
Give birth to a smile,
everytime you think about it
Give birth to a smile
Give birth to a smile
Give birth to a smile
Give birth to a smile
Give birth to a smile
Give birth to a smile, hear me tellin' you
Give birth to a smile, give birth to a smile
Give birth to a smile, give birth, give birth
Give birth to a smile
Give birth to a smile, every day of your life
Give birth to a smile, give a little birth to a smile
Give birth to a smile
